2505/077 To receive a report from Devon & Cornwall Constabulary

The Town Clerk read out correspondence from the Inspector for the Council area.

Northam Parish was graded as 'medium' demand, the engagement level was described as follows:

'There should be a regular meeting structure where we aim to attend at least quarterly and by invite should there be a particular issue or concern. We would aim to proactively update them with any organisational change on our part as and when these occur and seek to include where relevant their engagement with resolving locally based issues. They are expected to furnish themselves with any general police reports from the Home | Police.uk (www.police.uk) website - bespoke reports will only be produced where a specific issue or series of crimes affects that community. Again we will proactively make contact if we identify a series of crimes or incidents that we foresee will affect them. They also have regular access if in CT/CH to the regular online drop in sessions.'

2505/078 To receive a report from the Devon County Councillor

The County Councillor reported that the newly elected County Council held its first meeting the week before, the details and outcomes of which were available on the County Council website. He looked forward to working with the newly elected members in the Liberal Democrat led authority. The Council had identified two priorities so far:

- Children's services – the County had been graded inadequate by OFSTED at its recent inspection, published 13th May 2025 (Inspection dates: 30 September to 11 October 2024 and 13 to 16 January 2025).
- Highways – the County was reviewing bringing the service back in-house.

He further reported that:

- the licencing of trading on Appledore Quay had been returned to the District Council, whilst some complications had been encountered at handover it was expected that this would benefit local traders in the future,
- yellow lines would continue to be repainted across the Parish, and
- he had once again been allocated a Locality Grants budget of £8,000.

Cllr Hames asked how and when the new Council would be progressing the 20mph zones across Devon, the previous administration having not rolled all areas that applied out.

Cllr McGeough answered saying that the Neighbourhood Highways Officer had been asked to draw plans up for the areas identified in Northam Parish.

2505/079 To receive reports from Torridge District Members

Cllr Whittaker submitted the below report, no other members wished to make a report.

The only event of particular interest during this period from my perspective was TDC's Annual General Meeting held on Monday 19th. There was also a preliminary Full Council Meeting which took place for an hour before the main event began at 6.30.

The early Full Council meeting considered several interesting items, one being the extending the Public Places Protection Order in relation to the control of dogs. This established that dogs should be kept on leads in Victoria Park, Bideford and in Westward Ho! Park all year round. It also established once again, that from the 1st May to the 30th September each year dogs should stay on their leads on Westward Ho! promenade, as well as being excluded as usual during this period from the Blue Flag arena of Westward Ho! Beach.

Another item discussed was about the significant amount of money secured from the Ministry of Housing, Communities and Local Government to help with local housing needs. Just under a million pounds has been secured to enable the Council to acquire 3 new three bed properties and 2 two bed properties to help with temporary accommodation needs, one of which if required, will be allocated for re settlement purposes.

The Annual General Meeting followed the well-recognised script of electing the Chair and Vice Chair of the Council, Cllr Bushby and Smith both being re-elected to these roles. Following with the election of the Leader and Deputy Leader of the Council, Cllr James and Cllr Hodson both being re-elected. After considering a Progress Report on the Corporate Peer Challenge where some considerable improvement has felt it's been made the meeting moved on to agreeing the size of Committees and to their Terms of Reference. Then on again to the Election of Committee Chairs and Vice Chairs, this is always an interesting, well supported meeting which ensures that the overall 'machinery' of the Council is established for another.

Councillor Jane Whittaker, Town and District Councillor, Northam and Orchard Hill

Conservative Group Leader

2505/080 To receive an update regarding Local Government Reorganisation

The following was copied from Devon Association of Local Council's 'Knowledge Bank' regarding Local Government Reorganisation and Devolution

Following the launch of the Devolution White Paper on 16th December 2024, DALC has been working hard to engage with our members on this topic, and to provide support and updates where we can.

We will endeavour to keep our members up to date on what we know about devolution as matters in Devon progress. Local government reorganisation (LGR) is being required by government in order to achieve the kind of Devolution deal they want to see. Updates will be circulated in our e-bulletin, and on our website.

At the moment, we have no information about what reorganisation might look like in Devon. The Leaders of Devon County Council, Plymouth City Council and Torbay Council are working together to explore the creation of a Mayoral Strategic Authority.

The Devon and Torbay Combined County Authority (CCA) – the governance needed for devolved decision-making powers and funding to flow from Whitehall to local decision-makers in Devon and Torbay – is now official.

Following meetings with our member councils in January, steps that DALC are already taking include:

- Working with NALC and other county associations to share knowledge and best practice
- We have asked NALC to lobby for funding package for local councils to assist with asset transfers
- We are investigating the legal position around asset transfer
- We have asked NALC for examples of best practice in terms of devolution
- We have requested that NALC deliver a briefing for all DALC councils
- We have worked with Devon County Council to arrange for regular briefings for our members
- We will continue to engage with district councils wherever possible
- We will continue to keep you updated

We have asked encouraged member councils to carry out asset mapping in their communities. Thanks to all councils that submitted statements to help us build an evidence base, we are very grateful for your assistance in this matter. If you haven't yet sent anything in, we would still be delighted to receive your statements, which all help us build an understanding of our member councils.
