Minutes of the Northam Burrows Management Committee Meeting held on 28th May 2026.

Present: Cllrs Bell (Chair), Edwards, Hames (Deputy Chair), Hodson, Leather and Cllr Newman-McKie (Mayor – ex-officio).

In attendance: Cllr Bach, G Langton, Town Clerk, M Day, Burrows Ranger, M Evans, Secretary of the Royal North Devon Golf Club.

1. To elect a Chair for the committee

The outgoing Chair was no longer a member of the committee, so Cllr Hames, as the outgoing Deputy Chair opened proceedings by asking for any nominations for Chair. Cllr Hodson proposed Cllr Bell be Chair. This was seconded by Cllr Edwards. There were no other nominations and Cllr Bell was unanimously elected.

2. To elect a Deputy Chair for the committee

Cllr Bell took the Chair and asked for nominations for Deputy Chair. Cllr Edwards proposed Cllr Hames continue as Deputy Chair. This was seconded by Cllr Hodson. There were no other nominations and Cllr Hames was unanimously elected.

3. To receive and approve apologies for absence

Cllr Whittaker tendered her apologies.

4. To agree the agenda as published

It was agreed to bring the reports from stakeholder bodies forward, with the report from the RNDGC to be received first.

Proposed: Cllr Hames, Seconded: Cllr Hodson (all in favour).

5. To receive reports and observations (if any) from:**d. Royal North Devon Golf Club**

Mark Evans, the Secretary of the Golf Club reported that the biggest problem the Club is facing is the erosion of the course by the sea, which had not been on the agenda of this committee in recent months. The effect was so great that the Club had approached Natural England for permission to move holes 6 and 7 further inland. To do this would necessitate some clearance of the land. The Club had cleared some patches of bramble growth over the winter to help maintain access for people and livestock.

Mark Evans raised a second concern, that the burn from Basset's Bridge to the River Torridge is silting up, especially at the bridge points. The resultant seawater buildup was affecting the playing surface by damaging the grass.

Cllr Hames thanked Mark Evans for his report, noting that brambles provide an important habitat. He went on to ask if Michael Day, the Burrows Ranger could outline the burn and bridge maintenance plan?

Michael Day explained that the effect of the bridges on the water flow across the Burrows at high tide needed to be considered, the result of them could be positive or negative. This matter would be addressed with Torridge District Council (TDC)'s Coastal Engineer on his return from parental leave.

e. Torridge District Council

Michael Day reported that the recent hot weather had contributed to a busy start to the season, though there had been three parties on the dunes which required cleaning up after. Evidence of the participants had been reported to the police. He reported that the beach continued to have Blue Flag status.

Chair's initials

TDC had commissioned a feasibility study into the future of the Burrows, with a focus on the likely effects of climate change. It was hoped this would inform the way forward when the current stewardship scheme ends in 2028. The stickers warning dog owners/walkers about the dangers posed to livestock and wildlife by dogs on the Burrows appeared, so far, to be having a positive impact.

Cllr Hames thanked Michael Day for his report and asked in dog waste bins could be installed on the Burrows?

Michael Day responded saying that dog waste could be disposed on in general waste bins.

Cllr Bell noted that one of the criteria for Blue Flag status was access for all and noted that crossing the pebble ridge with a wheelchair could be problematic – could a permanent solution been considered?

Cllr Hodson noted that a Bailey Bridge had been installed in the 1960s.

Michael Day noted that a permanent structure could not be installed, there not being sufficient bedrock in which to sink the foundations. In the 1960s the Bailey Bridge had been installed but required numerous significant repairs before its removal approx. five years later. Natural England would not support a fixed structure, with the likely effects on the movement of the pebbles that make up the ridge. The current sleeper trackway would be repaired again in June. Disabled access is provided at the slipway onto the beach but is unfortunately covered by the tide twice a day.

It was **agreed** to write to Torridge District Council to request an alternative access to the current, unstable sleeper track bridge be investigated and installed.
Proposed: Cllr Hodson, seconded: Cllr Hames (all in favour).

Mark Evans left at this point (10:35am)

10 To receive an update on and costs of the new access to the Burrows project from the TDC Coastal Engineer and consider whether to fund the project

At its meeting on 22nd January 2026, this committee considered a proposal to improve access to FollyFoot stables from the Burrows was installed, along with a suitable track to the stables, to move the horses away from the road access point at Sandymere.

The committee heard from the Burrows Ranger, who described the project and the reasons for it, those being:

The works will provide a track through Follyfoot's land, through the boundary and onto the Burrows, this will include This is to reduce problems with horses gathering at the main gate of Sandymere entrance. We constantly receive complaints from the public that they cannot access Northam Burrow by car or by foot with large numbers of horses gathering at the main gate on the hard standing surface. This has now become a health and safety issue with a report of a car becoming damaged.

Members of the committee visited the Burrows to view the site, after which it considered the matter again at its meeting on the 26th March 2026 and it was:

Agreed in principle that the Charity would fund an access a to a new bridge as described, with costs and other details being considered at a future meeting of this committee.

At the meeting on 28th May 2026, the committee heard that the Coastal Engineer was drawing up more detailed plans, which were expected to be available at this meeting. The Coastal Engineer has been invited to present them to this committee.

11 To receive an update on the charge to be made for the sale of manor passes 2026

Northam Town Council resolved, at the meeting of its Finance & HR committee on the 8th July 2026, to increase the charge made to the Burrows Charity in respect of staff time in administering the Burrows Manor Passes for 2026.

The increase the staffing and administrative charge in 2026 would be to £7,689 (£9,226.80 inc VAT) and apply a percentage increase each year in line with the salary increment awarded.

12 To consider grant applications

The Charity has received 19 grant applications, one more than in 2026 see table on p11. **The total requested is £57,243.08.**

The 2026 grant fund is as agreed at the previous meeting of this committee, a flexible grant fund of around £13,690 to allow the Charity to make larger awards this year if a project was deemed suitable.

The grant application form stated the fund would be in the region of £15,000, with no single grant award to be over £5,000. The Charity's grants policy states that the maximum single grant award made to one organisation or to one project will be ¼ of the fund.

The Charity has the following funds on 10th July 2026:

Account	Funds on 10.7.26	Available funds	Notes
Current	£5,444.03	<u>£217.23</u>	NTC to invoice for staffing in 2026 at £9,226.80 (inc VAT)
