FULL COUNCIL ACTION POINTS JANUARY 2023

| Chairmans Announcements | Accepted an offer to join the Rural Market Towns Group on a free trial. Contacted DCC re licence for dropped kerbs. No reduction for multiple applications |
|---|---|
| To consider an update from the working group for a Vision Statement, strategic plan, and delivery proposals | Delivery proposals on next Full Council agenda |
| To consider Community Champions (Cllr Hames) | Proceed with setting up for 2024 |
| To consider a recommendation from Westward Ho! Park committee: The Council Considers that the pavilion and Sensory Garden be considered as a joint project moving forward. | Move forward with seeking TDC agreement and then proceed with feasibility study. Waiting for TDC to consider request at January C and R meeting. Options being explored |
| To consider an appointment of a Police Advocate | Information circulated no expressions of interest received. |
| To consider a request re. Bone Hill car park, with a request that the car park should be enabled for cash payments. | Contacted TDC with a request. Responses circulated |
| To receive a summary report from the County Councillor | wrote write to the County Councillor requesting a more detailed report. |
| Information on Mrs Anderson's bequest | Circulated by e-mail for information |

How we help

We'd like to hear from you ...

Here at Bideford Town Council we aim to be responsive and open to your questions. We would like to hear from you with any points that we may be able to help with, including:

- · Annual Grant Scheme for Voluntary Organisations and Clubs
- The betterment and improvement of the Bideford Town
- · Floral Displays, Hanging Baskets and Port Memorial
- · Allotments and Ford Woodland
- Defibrillators

Annual (Civic) Events

Feb: Mayor's Charity Dinner

Mar: Manor Court

Apr: Annual Parish Meeting

Jun: Mayor's Introduction & Parade

Bideford Fair

D-Day 80 Beacon Lighting

Jul: Bideford's Got Talent

Nov: Remembrance Sunday Services and Parades

Dec: Signing of the (Market) Lease

Torridge District Council

We Want To Hear From You ...

We aim to be responsive and open to your suggestions, so please contact us with any issues or ideas you think that we can help with.

We work solely for the town of Barnstaple and want to deliver services and find ways that benefit and help the residents of Barnstaple, but also help improve the town for businesses and visitors too. This can include events, tidying and enhancing public spaces, such as Rock Park, promoting activities in Barnstaple and working with community groups.

So get in touch with us through the contact us form on our website, or any other way that suits you and let us know how we can help.

West Country Buzz

Bumblebee Conservation Guide for the North Devon Coast

The West Country Buzz project has been working along the North Devon coast since 2018, with the project due to complete in March 2024. Focusing on two of the rarest bumblebees in the county; the **Brown-banded carder bee** (*Bombus humilis*) and the **Moss carder bee** (*Bombus muscorum*), we have worked in partnership with a range of landowners, farmers and volunteers to create and restore well-connected flower-rich habitat throughout the project area to safeguard the future of these threatened species.

A network of people have received bumblebee identification training with new Beewalks set up throughout the project area helping to monitor our local bumblebee populations.

It is vital to maintain all of the excellent work that has gone into the project to ensure a legacy of the continuation of bumblebee-friendly habitats and monitoring across the North Devon coast.

Bumblebees need...

Lots of flowers

A variety of flowers to forage on from March to October

Abundant flowers within 1km of a bumblebee nest

Places to nest

Rough grassland & scrub for nesting – old mouse holes and bases of tussocky grasses

Nesting sites undisturbed throughout March to October

Safe hibernation sites

Bumblebee queens require a safe place to hibernate over winter – in loose soil or north-facing banks

Important Habitats

Flower-rich Grasslands

Across North Devon, historic loss of wildflower-rich grassland habitat has been a key driver of bumblebee declines. Many of the locations favoured by priority species, the Brown-banded carder bee in North Devon are close to the coast as land use change and intensive agriculture has restricted them to more semi-natural grasslands habitats. Restoration and creation of flower-rich grasslands is vital for bumblebee recoveries.

Key management recommendations:

- Cut hay meadows in late summer to provide flowers into September - cutting can be done on rotation to always leave some plants flowering.
- Shut up fields to allow flowers to bloom throughout April to August - rotational grazing can help to prolong the flowering season whilst still providing grazing.

- Grasslands with few wildflowers can be enhanced with green hay or the addition of seed. Yellow rattle is a key species that can establish quickly and reduce vigorous grasses (see page 5 for seed suppliers).
- Ensure to leave tussocky grass and scrubby areas for bumblebee nests that are undisturbed between March and October. Locating these areas near to flower-rich habitat allows bumblebees to find food more easily.

Key wildflower species for bumblebees:

- Red clover
- o Bird's foot trefoil
- Knapweed
- o Viper's bugloss
- Water mint
- o Red bartsia
- o Vetches (e.g. Tufted vetch)
- o White dead nettle
- o Devil's-bit scabious

Case Study: Wildflowers at Woolacombe Warrens

Woolacombe Warrens is a sand dune system stretching over 2km and managed by the National Trust. Through collaboration with West Country Buzz, it has been the receptor site for donor seed from nearby Braunton Burrows SSSI to restore the dune grasslands and increase floral diversity.

Over the past few years, a variety of wildflower seeds have been hand and brush-harvested from Braunton Burrows and spread on areas of Woolacombe Warrens and neighbouring Vention. Many plants are now establishing well, including Bird's-foot trefoil, Red bartsia, Viper's bugloss and Red clover.

Brown-banded carder worker bees have been spotted for the first time in 2023 at Woolacombe Warrens, demonstrating how creating ideal habitat can help this rare species and many other grassland species to thrive.

Other important habitats for bumblebees

- Hedgerows flowering hedgerows containing species such as Blackthorn and Willow can provide early spring forage, whilst Bramble and Dog rose provide later summer forage. Cutting late in winter and on a 2-3 year rotation will allow hedges and ditches chance to flower.
- Ponds and wetlands damp habitats
 can be host to a range of flowering plants
 around the margins, from Yellow flag iris in
 spring to Water mint, Tufted vetch and
 Purple loosestrife late in summer. Wetland
 habitats are especially valuable in dry
 weather and for late season floral
 resources.
- Roadside verges many of our verges have the potential to be managed more sensitively for pollinators. Practising No Mow May and relaxing cutting regimes can allow plants to flower (e.g. cutting every 6 weeks), whilst collecting arisings will reduce nutrient enrichment.
- Woodland and scrub sunny woodland edges with an abundance of flowering scrub are most valuable for pollinators. Existing woodlands can benefit many insects by letting in light through coppicing, ride widening and glade creation. New woodlands should avoid being planted on existing grasslands with bumblebee-friendly flowers and should consider allowing a good proportion of open space in the developing woodland (e.g. paths and glades) to allow important light for wildflowers and pollinators to thrive.
- Orchards flowering fruit trees provide abundant nectar and pollen resources for bumblebees and solitary bees in spring.
 Planting local varieties can conserve cultural heritage and orchards can coexist with wildflower meadows.

Case Studies: Bumblebees on the farm

There are a range of **agri-environment options** that can benefit pollinators – they should ideally be evenly distributed across the farm with at least 2% of the farm as flower-rich habitat. Establishing habitat less than 500m apart caters for the flight distances of rare bees such as the Brown-banded carder from the nest.

Winter Bird Food (Option AB9) at Broadlands Farm – Sunflowers and Phacelia part of the seed mix to provide forage for bumblebees before providing food for farmland birds in winter.

Operation Pollinator Mix with just legumes (Option AB1) at Home Farm Marsh – this mix was sown as strips alongside arable fields to create a corridor for pollinators on site. A range of Red clover varieties, Bird's-foot trefoil, Wild carrot and Knapweed are part of the mix to provide for a range of pollinators, especially bumblebees.

This option complements other habitat restoration works on site, including sowing wildflower seeds and planting plugs alongside cutting and raking flowery banks and ditches to provide more floral resources for Brown-banded carder bees which have recently been recorded for the first time here.

- Bare earth is important for hibernation, especially north-facing banks a new queen will burrow into soil to overwinter. Sunny patches of bare earth can also be used for basking in cooler weather. Bare soil is also vital for many species of solitary mining bee to make their nest chambers.
- Gardens many garden plants can complement our wildflowers, by extending the flowering season and providing a greater variety of flower shapes and sizes.
 For information on bumblebee-friendly flowers and improving your garden, visit: https://beekind.bumblebeeconservation.org/home.php

Case Study: Green hay

Middle Spreacombe Farm has spread green hay from species-rich wildflower meadows across 26.2 hectares over two years to increase the amount of wildflowers in the grasslands – it is an effective method of spreading local seeds from one site to another. The process of green hay involves the following steps:

- **1.** Prepare receptor fields by cutting/grazing to ensure a low sward, then harrow to achieve >50% bare ground.
- 2. Cut and bale donor hay immediately and spread on the same day within a few hours of cutting.
- 3. Green hay should be spread thinly and evenly with a straw chopper/muck spreader.
- **4.** Leave the hay for at least one week in dry weather, or three weeks in wet weather to allow seed to fall. After this period allow livestock to graze and trample in the seeds.
- **5.** Initially, avoid prolonged grazing following spreading to allow seeds to germinate and lightly graze from January mid-March if grass growth is becoming too long.
- **6.** Yellow rattle can appear in the first year, other species can take a few years to establish.
- **7.** Ongoing management involves shutting up from April to August followed by a hay cut and aftermath grazing.

Results from green hay at Middle Spreacombe – Yellow rattle flowering the following year alongside Red clover and Bird's-foot trefoil, attracting bumblebees.

Focus on the Brown-banded carder bee

Like all bumblebees, Brown-banded and Moss carder bees require flower-rich habitat, but have an even greater dependence on wildflower grasslands. Queens emerge in April/May and worker bees will forage around 500m from the nest, meaning they need an abundance supply of flowers from April through to the end of September. Early and late season flowers are of particular importance for queens to find sufficient food to establish colonies.

Seed suppliers

Devon-based seed suppliers such as Goren Farm are recommended as local seed is better adapted to local climatic and soil conditions:

https://www.goren.co.uk/

Other seed suppliers include Emorsgate: https://wildseed.co.uk/

& Naturescape: https://www.naturescape.co.uk/

Record your sightings

You can help increase our knowledge of bumblebee distribution by adding a sighting to a recording database:

https://irecord.org.uk/

https://www.inaturalist.org/

You can also participate in our recording scheme, Beewalk – this involves carrying out a monthly survey on a fixed route from March to October. The data helps us understand how bumblebees are doing over time:

https://beewalk.org.uk/

Section 3 – External Auditor's Report and Certificate 2022/23

In respect of

Northam Town Council - DV0269

1 Respective responsibilities of the auditor and the authority

Our responsibility as auditors to complete a **limited assurance review** is set out by the National Audit Office (NAO). A limited assurance review is **not a full statutory audit**, it does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and hence it **does not** provide the same level of assurance that such an audit would. The UK Government has determined that a lower level of assurance than that provided by a full statutory audit is appropriate for those local public bodies with the lowest levels of spending.

Under a limited assurance review, the auditor is responsible for reviewing Sections 1 and 2 of the Annual Governance and Accountability Return in accordance with NAO Auditor Guidance Note 02 (AGN 02) as issued by the NAO on behalf of the Comptroller and Auditor General. AGN 02 is available from the NAO website – https://www.nao.org.uk/code-audit-practice/guidance-and-information-for-auditors/

This authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The authority prepares an Annual Governance and Accountability Return in accordance with *Proper Practices* which:

- summarises the accounting records for the year ended 31 March 2023; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

2 External auditor's limited assurance opinion 2022/23

| attention giving cause for concern that relevant legislation and regulatory requirements have not been met. | ters have come to our |
|---|--|
| Section 1, Assertion 9 has been incorrectly completed. As reported in the external auditor report for 20 opening a separate bank account for the Charity the smaller authority acts as sole managing trustee transactions and balances are included in the smaller authority's bank account and subsequently in the fof the AGAR, until post 31 March 2023 when following the funds being recorded completely separately in a and bank account, the remaining creditor balance of £5,993 was paid over into the Charity's account. As a have been answered 'No'. In addition, Section 2, Box 11 (b) should have also been answered 'No' | for. As a result the Charity figures reported in Section 2 a separate accounts package |

Except for the matters reported below, on the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return (AGAR),

| ľ | Othor | mottoro | not | offooting | Our | oninion | which | 14/0 | drow t | o tha | ottontion | of the | outhor | ity |

| ı | Other | matters | not | arrecting | our | opinion | wnich | we | araw t | o the | attention | or the | autnor | Iτν |

We note that the smaller authority did not comply with Regulation 15 of the Accounts and Audit Regulations 2015 as it failed to make proper provision during the year 2023/24 for the exercise of public rights, since the period for the exercise of public rights was less than 30 consecutive working days in length. As a result, the smaller authority must answer 'No' to Assertion 4 of the Annual Governance Statement for 2023/24 and ensure that it makes proper provision for the exercise of public rights during 2024/25.

3 External auditor certificate 2022/23

We certify that we have completed our review of Sections 1 and 2 of the Annual Governance and Accountability Return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2023.

Organisation: Northam Town Council Our ref: DV0269

From: sba@pkf-l.com Your ref:

Dear Mr Langton

We issued our external report and certificate for Northam Town Council on 14 September 2023 which contained one 'other' matter in relation to the period for the exercise of public rights not meeting statutory requirements.

Unfortunately an error in the recording of the start of the inspection period date on our database meant the period appeared to be less than the required 30 working days. However, on closer inspection we can confirm that the period was compliant and the date was mistakenly read as 28th June instead of 26th June. As a result the Council does not need to take any action in relation to the previously raised 'other' matter in our report.

As you are aware, once we issue our opinion and certify closure we are unable to reissue our report; however this email may be published with the External Auditor Report for clarification.

We apologise for any inconvenience caused.

PLF Littlyon LV

Kind Regards

Northam Town Council Financial Year 2023-24

В

IAC Audit and Consultancy Ltd

Audit date: 4 October 2023

Interim Internal Audit Observations

A Appropriate accounting records have been properly kept throughout the financial year.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|---|----------|--|--|----------|--|
| 1 | Have Minutes been signed in accordance with the requirements of Schedule 12-paragraph 41 (2) the Local Government Act 1972 (this requires each page to be initialled and the final page signed) | Yes | It was noted from a review of signed Minutes that the Council has a practice of preparing confidential 'Part B' Minutes. These are kept in sealed envelopes in the Council offices and are not published on the Council website. | The Council must, as a priority, review its arrangements in respect of the publication of its Minutes. When conducting this review the Council should specifically consider the law (for example S228 of the LGA 1972), and best practice such as set out in the Information Commissioner's Office Model Publication Scheme. | High | A new practice has been agreed with the internal auditor |

This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|--|--|----------|--|
| 1 | Have invoices been approved as required under Council Financial Regulations? (paragraph 5.3 of the NALC Model Financial Regulations) | No | A sample of invoices supporting payments made on 9th, 14th and 15th August was selected. It was noted that the supporting invoices for these payments had not been "verified and certified by the RFO" in accordance with the Councils Financial Regulation 5.3. | Council to ensure that invoices are 'verified and certified' in accordance with Financial Regulations. | Medium | New practice has been agreed with the internal auditor including p/o the correct stamp |
| 2 | Large value payments (over £5,000 / £10,000) can be traced to original supporting document and have been properly authorised. | Yes | A selection of higher value payments was selected and traced to Council approvals. It was noted that in a number of instances Council's resolutions did not formally record that actual value of expenditure that had been approved. | When considering and approving the incurring of items of expenditure, particularly those of large values, the Council should ensure that the value approved by Council is formally recorded in Council Minutes. If the precise value is not known at the time of the decision the actual value subsequently determined should be reported back to Council and recorded in Council Minutes. | High | this procedure has been put in place |

| 3 | Has the Council put in place Terms of Reference for its Committee which have been subject to formal review and approval by Full Council? | Yes | The Council has in place Terms of Reference for its committees which were noted by Council at the Annual Meeting held on 17th May 2023. From a review of the Terms of Reference of the Finance and HR Committee it was noted that these do not refer to the consideration of reports from the Internal or External Auditor. | The Council to review the Terms of Reference for the Finance and HR Committee and consider whether the Terms of Reference should include responsibility to consider the reports of the Internal and External Auditor. | Medium | This will be considered at Fin + HR. Include in ToR |
|---|---|-----|--|---|--------|---|
|---|---|-----|--|---|--------|---|

IAC Audit and Consultancy Ltd

C This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|---|---|----------|---------------------------------------|
| 1 | The Council, as a body, has undertaken a formal review of risk (this cannot be delegated to sub-committee) - Interim Audit | No | As at the date of the Interim Audit the Council had not formally Minuted a review of Risk | The review of Risk is a key requirement of both the Annual Governance Statement and the Annual Internal Audit Report. The Council MUST ensure that it Minutes a formal review of Risk prior to the end of the financial year. | Advisory | Normally reviewed January or February |

The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|---|----------|--|---|----------|--|
| 1 | Regular budget reports have been presented to council and there is evidence that corrective actions have been taken as a result of review | Yes | It was noted that income and expenditure reports are produced from the SCRIBE system and submitted to the Finance and HR Committee. From a review of the report submitted it was noted that there are no budget numbers included on these reports and it is therefore not possible by using these reports to effectively monitor actual income and expenditure against the budget for the year. | The Council should ensure that the budget, as approved by council, is recorded in the SCRIBE system so that progress against budget can be subject to regular review during the year, either through meetings of Full Council or a nominated Committee. | High | Adjustments have been made following discussions with Scribe |

| 2 | Any significant variations from budget have been subject to review by Council? | No | Currently not possible. See above | See above. | High | see above |
|---|--|----|---|------------|------|-----------|
| 3 | Does the budget recorded in the Councils accounting system agree to the budget set by Council? | No | At the date of the interim Internal Audit visit the budget for 2023-24 had not been entered onto the Council's SCRIBE accounting system. See above. | See above. | High | see above |

Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for.

Ε

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|---|----------|--|---|----------|---|
| 1 | If the Council raises a large number of invoices does the Council maintain a debtors ledger or some other appropriate means of recording amounts due? | Yes | The SCRIBE accounting system has functionality that permits invoices to be raised and for these to be matched off against payments received. It is understood that this is an improved functionality of the system introduced recently. It was noted that there are a large number of sales invoices raised on SCRIBE, dating back a number of years, which have not been matched off and are therefore recorded as outstanding. | The Council to review, wth the software supplier, how the status of these invoices can be amended/corrected in order that the Council is able to produce a accurate up to date listing of outstanding amounts. | Medium | this has been resolved with Scribe report quarterly |
| 2 | Cash income received is promptly receipted | Yes | The Council uses a receipt book and receipts are issued for cheques and cash received. A spreadsheet is maintained which records the invoices against which payments have been received. This spreadsheet does not record the receipt number of the payment and it is therefore difficult to ensure that all income received has been banked. | The spreadsheet used to analyse the income received should be amended to include the receipt number against which payment was received listed in receipt number order. Any missing receipt number on the listing should be subject to query and review. | Medium | This is now set up as a new procedure to follow |

F Petty cash payments were properly supported by receipts, all petty cash expenditure was approved and VAT appropriately accounted for.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|---|---|----------|---|
| 1 | All petty cash payments were approved. | No | The current practice is for receipts to be obtained to support expenditure paid through petty cash, which are generally of low value. An individual petty cash voucher is not prepared for each payment and consequently there is no signature recording the Clerks approval of this expenditure. | On a monthly basis a petty cash summary should be prepared listing the payments made through petty cash which should be signed and dated by the Clerk as evidence of formal review and approval. (This will avoid the need for each small value transaction to be individually signed off.) | | This is now set up as a new procedure to follow |

Periodic bank account reconciliations were properly carried out during the year.

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|--|---|----------|--|
| 1 | There are no unexplained balancing entries in any reconciliation (Interim) | Yes | Bank reconciliations, and supportinging bank statements, have been subject to independent review. It was noted that it is not currently practice for a detailed listing of any uncleared payments or receipts (which are recorded as a total on the bank reconciliation) to be printed and subject to independent review. | When the bank reconciliation is subject to independent review a report should be produced from SCRIBE listing any uncleared receipts and payments. This listing should be subject to review and scrutiny and any unusual or old transactions should be queried. | Medium | This will be included in Cllr Himan's role |

The authority, during the previous year (2022/23) correctly provided for the period for the exercise of public rights as required by the Accounts and Audit Regulations (evidenced by the notice published on the website and/or authority approved minutes confirming the dates set).

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|---|---|----------|---|
| 1 | The Council published the Notice for the Period of Exercise of Public Rights | Yes | A website link to the Notice was provided to the Internal Auditor, which gave a link to the Notice however this link does not appear to work on the Council website. This was resolved during the audit visit. It appears that, due to this link not working, visitors to the website would have been unable to view the formal Notice for the period for the Exercise of Public Rights. | The Council MUST ensure that any documents updated to the website in respect of the Annual Return, Rights of Inspection and Audit reports, are available to visitors to the website. A specific check to confirm this should be undertaken after documents have been uploaded to the website. | High | Those putting items on the website have been instructed to double-check |

| Ri Cc 2 St St Re | the period for the Exercise of Public lights commenced the day after the ouncil published the Accounting tatements, the Annual Governance tatement and the Notice as set out in egulation 15.3 of the Accounts and udit Regulations 2015. | No | It was noted the Announcement Date specified in the Notice for the Period for the Exercise of Public Rights was Monday 26th June 2023, which was the same date as the Commencement Date. Regulation 15.3 of the Accounts and Audit Regulations 2015 states that "The period for the exercise of public rights is treated as being commenced on the day following the day". The Notice from provided also states under "Notes" that date (a) the announcement date should be "not less than 1 day before" the commencement date. | The Council to note that the Announcement Date MUST be at least one day before the Commencement Date, and that the announcement dated stated for 2022-23 was a technical non- compliance with the Accounts and Audit Regulations. | High | Noted |
|------------------------------|---|----|--|---|------|-------|
|------------------------------|---|----|--|---|------|-------|

(For local councils only)

Trust funds (including charitable) – The council met its responsibilities as a trustee

| No. | Audit Test | Response | Observation | Recommendation | Priority | Comments |
|-----|--|----------|---|---|----------|----------|
| 1 | Charity accounts have been subject to Independent Examination or audit as required by legislation. | No | As at the date of the interim internal audit visit the accounts of the Norham Burrow Charity for the year ended 31st March 2023 had not been subject to independent examination. This will be due by the 31st January 2024. | Council to note that it is required to accounts with the CHarities Commission by 31st January 2024. | Medium | Noted |
