Budget 2026-27

The Financial Regulations, when referring to the council's budget, that:

The draft budget with any committee proposals and two-year forecast, including any recommendations for the use or accumulation of reserves, shall be considered by the Finance and Human Resources committee and a recommendation made to the council (para 4.6)

This is the first year that these financial regulations have been in place and the Clerk regrets that it has proved more complex to prepare a two-year forecast with accurate figures. The main reason for this is the identification of carry-over to the following financial year. This relies on reasonably accurate forecasting of spending against the current budget.

The budget should indicate the level of spending expected in the year, with excess funds transferred to general or earmarked reserves unless resolved otherwise, i.e. to be carried forward. Through the year, committees have sought to minimise spending even when funds were identified in the budget agreed in January 2025, or resolving to spend more than was budgeted. This has meant forecasting spending has not been possible across the approx. 190 cost centres in the budget.

In previous years, the Town Clerk has drafted a budget. This amount was then reduced by the sums the Council held in deposit accounts and any estimated carry-forward. The resulting figure was the precept requested.

The added complexity is that the council's tax base. The tax base is the total number of properties in the parish area that are liable to pay Council Tax, adjusted and expressed as Band D equivalents. This figure is used to calculate how much each household contributes to the total precept. With the number of occupied properties increasing across the parish, the tax base has been rising annually. This increase was accelerated for the current budget year (2025-26) by Torridge DC levying a 100% uplift on second homes. If all 2nd homes became main residences or holiday let businesses the tax base would **fall**, necessitating greater rises to maintain the services and facilities this council provides. In December 2024, TDC advised that the gross movement was 552 properties, of which 462 (83%) was the 100% levy applied to 2nd homes – this equated to a tax base increase of 466.66 Band D equivalents. **Torridge DC**, **the Precepting Authority, will confirm the Tax Base in early December 2025.**

The budget presented on the following two pages is for 2026-27 and includes a figure for carry-over from the current year. In future years, there should be little or no carry-over unless the service/facility was not provided in that year (for example as has been the case with Youth Provision). Surplus funds from the Council's parks and facilities (such as Northam Hall) will be put to an earmarked budget at the end of the financial year. Currently, earmarked reserves are held in the council's deposit accounts, to be drawn from should significant work be required. The budget includes £50,000 as a General Reserve. Therefore, in future years, the Council's budget would increase substantially because no carry-over would be included. To operate the budget in this way in 2026-27 would mean a £790,035 precept (an increase of £149,698 or 22.1%, should there be no tax base change).

Earmarked Reserves

The Council's earmarked reserves are held in three of the council's accounts, the figures are below. For a detailed breakdown of what is included in those reserves, see the enclosed table.

| Nationwide | £ | 96,055 |
|---------------------------|---|--------|
| Cambridge & Counties Bank | £ | 96,565 |
| Cambridge BS | £ | 9,162 |

General reserves

The Council does not hold a level of general Reserves that meets the recommendations of the SAPPP Practitioner's Guide (see extract at end noteⁱ), which expects a larger authority to have approximately 3 months in general reserve. Should the carry-over to 2026-27 be used as outlined in the budget, the general reserve would be:

Hinkley & Rugby Building
Society

£ 50,000

This would be increased by any extra funds in the Council's Current or H&RBS account at the end of March 2026, the carry-over being estimated but at £50,000 would equal 23.7% of the recommended level. The council could elect to use some, or all of its carry-over at the end 2025-26 (estimated to be £99,511) to bring the General Reserve to closer to the recommended level. The 2026-27 General Reserve would be £149,511, 70% of the recommended level for 2026-27. However, the Town Clerk recommends that the council could consider £96,565 of its deposited funds to constitute General Reserve (Rec 1).

(Note: For full cost code detail, see the enclosed table)

| TOTALS | £840,349 | £52,414 | £99,511 | £688,424 | 6.84% increase Inflation on 31 Oct 2025 4.30% | £644,337 | £44,187 | |

Should the budget above be approved by Full Council, and there be no change to the tax base, the increase to the Council Tax bands is outlined below. For a Band D equivalent property, the increase would be £7.59/year (6.84%) if the tax base does not change. Inflation (CPI) measured for the year to 31st October 2025 was 4.30%. Should the Tax Base change, the Band D equivalence would also change. Torridge DC, the Precepting Authority, will confirm the Tax Base in early December 2025, which could increase or decrease (depending on changes to second home numbers and new homes occupied). The date an occupied home is included in the local authority's tax base (for Council Tax purposes in England) is generally tied to the Valuation List snapshot date, which is the second Wednesday of September each year. Should the tax base increase, the Town Clerk recommends that the budget is reassessed so that it increases by at least the inflation figure on 31st October 2025 (4.30%) (Rec 16).

Recommendations to Full Council:

- 1. Define £146,565 of its deposited funds as General Reserve, comprising £50,000 of the funds held in the Hinkley & Rugby Building Society and the total count balance in the Cambridge and Counties Bank (currently £96,565).
- 2. Take out Cyber insurance to protect its locally held data and funds (estimated cost £400 pa).
- 3. Take out specific insurance for the land parcel and facilities comprising Mrs Anderson's Bequest (estimated cost £400 pa).
- 4. Restate the F&HR recommendation that no change is made to the Council's pension arrangements, as budgeted.
- 5. Provide an initial grant to the Mayor's Charitable Fundraising of £3,000 (in 2026-27), the balance of which is to be donated, along with any proceeds, at the end of the Civic Year.
- 6. Replace its walk-behind mower (£12,000 estimated cost).
- 7. Purchase a Glutton pedestrian operated street cleaning machine (£25,000 estimated cost).
- 8. That the Council purchase the 'Decisions' software and license.
- 9. Hire a temporary Pump Track in summer 2026 (Lords Meadow or Burrough Farm), as it did in summer 2025.
- 10. Commence a project to instal a permanent track at a location to be agreed.
- 11. Deposit any excess funds in the Parks & Recreation Cost Centre (in excess of the budgeted and carry-over sums) as earmarked reserves for future work.
- 12. Deposit any excess funds in the Environment & Maintenance Cost Centre (in excess of the budgeted and carry-over sums) as earmarked reserves for future work.
- 13. Deposit any excess funds in the Northam Hall Cost Centre (in excess of the budgeted and carry-over sums) as earmarked reserves for future work.
- 14. Set up a website for Westward Ho! Park tennis (expanding in the future if appropriate to other facilities), separate to the NTC website at a cost of £499 (currently £299 in subsequent years).
- 15. Set up a website for Northam Hall, separate to the NTC website at a cost of £499 (currently £299 in subsequent years).
- 16. Restate the F&HR recommendation that charges for council services are revised as resolved at minute 2507/168, as follows:
 - a. Revise the charges for the use of Northam Hall from 1st April 2026, increasing the charges for regular and casual bookings by £1 and removing the reduction for multiple-hour booking, new charging schedule drafted (right)
 - b. Increase the annual charge for vessels stored at the Council's Boat Park from £50 to £55 for a 10ft boat and from £4 to £5 per extra foot (to a maximum of 20 feet), with effect from 1st April 2026.
 - c. Increase the annual charge to the Gig Clubs from £1,260 to £1,320, with effect from 1st April 2026.
- 17. Reassess the budget should the tax base change from the 2025-26 level of 5,805.42.

| | Current | Proposed | Increase |
|-----------------|----------|-----------|----------|
| Regular user | £ 10.00 | £ 11.00 | 10% |

- 5.33. The general reserve of an authority comprises its cash flow and contingency funds to cover unexpected inflation, unforeseen events and unusual circumstances.
- 5.34. The generally accepted recommendation with regard to the appropriate minimum level of a smaller authority's general reserve is that this should be maintained at between three and twelve months of net revenue expenditure.
- 5.35. The reason for the wide range is to cater for the large variation in activity level between individual authorities. The smaller the authority, the closer the figure may be to 12 months expenditure, the larger the authority, the nearer to 3 months. In practice, any authority with income and expenditure in excess of £200,000 should plan towards 3 months equivalent general reserve. Note: The Town Council's operating budget for 2025/26 is £697,497. The advised General Reserve would therefore be £174,374.25. The Council's budget identifies £40,000, or 23% of the recommended level, to include the funds unbudgeted, the General Reserve would increase to c£131,750, 75% of the recommended level.
